

Dear Vicki and Jim,

Today I went to Vroegsch to see Lynne Cooper and Audrey Good. We had lunch at Audrey's. As soon as I could get away I went out to Mary's as she stayed home today to catch up on her sleep. Mike is very excited about a new bank he is in on which will open in Kirkland and they have their franchise and then plan to sell out to another bank which will quadruple the amount of the stock. Mike plans to buy 10 thousand dollars worth and that's all he is allowed and other people can buy only five thousand dollars worth so he wants names to put in for that amount as Merkin got a hundred thousand dollar loan so now they either need names or actual buyers to really make a lot of money. Mary is not quite as excited about all of this, but Aunt Stella is.

Tomorrow I am going to a bridge luncheon on a fifty foot

Sail boat. from Robertson has our
opt. friend who is repaying her for
taking care of his mail and plants
while he was on vacation. It is his
boat and he will sail see Grand
Lake Washington while we play
bridge.

Sail came over for dinner last
night and is just recuperating
from the salmon fishing trip. She
will leave Saturday evening at
six to go down and see Gegg
graduate. She got your letter and
loved hearing from you. Let her
to spend the week end at the cabin.

I am going to take a Swedish
course at the Bellevue Comm. College
on Thurs. Night, by records, and at
the Swedish Club on Mon. nights so
I really should learn something. I
haven't studied all summer but
am trying to lately.

We played bridge in Olympia this
week end. Kew and I came in
fourth in the women's pairs. Dad
and I played Saturday night but on

account of a couple of mistakes we
didn't even, but shared however.

I had a barbecued turkey Sunday.
Mary and Mike came over after getting
back from Westport. They ate and we
played bridge. Then Benson came
over after their golf game and I
warmed every thing up again and
Mary and Mike had to leave. But
they got in on the so called
discussion between Dad and Uncle
Harold about the school teachers
asking for an eight percent increase
in salary. Then after Benson ate
we played bridge so every thing
ended up O.K.

Dad is just driving in so I had
better stop so I can mail this on our
way to bridge. — Gail just stopped
to show us her wedding pictures.
More soon.

Love,
Mom.

Thanks for your letter. Have a good
time over Labor Day.
